Re: Request for $18,500,000 First-Mortgage Acquisition Loan — Harborview Commons, Austin, Texas

Dear Members of the Credit Committee,

On behalf of Harborview Commons Holdings LLC (the "Borrower"), a single-purpose entity controlled by Meridian Ridge Capital Partners, LP (the "Sponsor"), we respectfully request a first-mortgage loan of **$18,500,000** to finance the acquisition of Harborview Commons, a 120-unit garden-style multifamily community located in southeast Austin.

The property is under contract for **$25,000,000** ($208,333 per unit) with a scheduled closing of December 15, 2026. An independent MAI appraisal dated September 30, 2026 concludes an as-is market value of **$26,000,000**. The Sponsor will contribute **$7,350,000** of cash equity, representing approximately 28% of total capitalization.

We are requesting a fixed interest rate of **6.75%** with a **10-year term** and a **30-year (360-month) amortization schedule**. The trailing-twelve-month Net Operating Income is **$1,728,359**, and the property is currently 95.0% physically occupied (114 of 120 units).

The Sponsor has acquired and operated more than 2,400 multifamily units across Texas since 2011 and has never defaulted on a loan obligation. We plan a light value-add program ($400,000 funded at closing) to renovate 30 unit interiors, which we believe will raise rents by about $125 per renovated unit within 24 months.

The enclosed package contains the loan application summary, sources and uses, property description, trailing-12 operating statement, rent roll, appraisal summary, sponsor financial statement, and third-party report summaries. We welcome the opportunity to discuss this request and can provide any additional information the committee requires.

Respectfully submitted,

Daniel R. Whitaker
Managing Principal, Meridian Ridge Capital Partners, LP

Real estate taxes are expected to be reassessed following the sale; at the purchase price, a reassessment could increase annual taxes by approximately $55,000–$70,000. The appraiser notes 25.8% of leases expire in Q4 2026, creating near-term rollover exposure.
